

PRESIDENT'S ADDENDUM.

adies, As President of B.W.H.A. during the 1965 Season, I think it is fitting that my addendum should be one of thanks to the many helpers who enabled your Association to function so smoothly during the very busy season.

First I would like to thank the helpers who were responsible for the erection of tents, flags and seating for our three big Hockey days - "Opening Day", "Brisbane v S. W. Pacific", and Brisbane v Malaysia".

Our Social Secretary and her small band of helpers were ever ready to serve Afternoon Tea or Supper, sometimes under great difficulties, especially when one has to carry all food from cars parked blocks away.

Once again, our loyal workers in the Drink Van did a magnificent job, as did the helpers in the Canteen. These people do not see a game of hockey, yet they come out to Downey Park each week to raise funds to assist hockey players.

To the many supporters who willingly assisted the association by billeting an American girl, a Malaysian girl, or one of our own Combined Country Team girls our thanks are due. Without this help we would have been at a loss to entertain our visitors.

These are but a few of our helpers. I could not possibly name all. To those who have helped, please accept our thanks. We look forward to having your support again.

In conclusion, I would like to thank the Officials and Executive Members who did a grand job during 1965.

Best Wishes for a happy 1966 Season.

MARY I. JOSIFFE.

President.
