

**BRISBANE WOMEN'S HOCKEY ASSOCIATION INC
PHOTOGRAPHY POLICY**

BWHA acknowledges that many parents and club supporters wish to take photographs and videos for both personal and club reasons and as coaching tools.

BWHA recognises that in the current environment that we live in, that there is a potential for inappropriate use of Photography and Videoing.

Both the Association and the Clubs need to ensure that their members, parents and supporters are advised of their responsibility and only take photographs/videos for appropriate and genuine reasons. Clubs should do this through their club newsletters, noticeboards and team meetings.

Clubs are: to take responsibility for their members at each match they attend to ensure that they are using photography/video for an appropriate reason.

BWHA : if any club or supporter has a concern about the motive, intention or activity of anyone photographing/videoing at the venues used for BWHA activities we ask that they:

- **Immediately contact the Competitions Office (Grass – 3357 9560) or Technical Bench (Turf) and report your concerns**

BWHA will then send a person to investigate the concern and take any necessary action.

BWHA with the Clubs: can work to achieve a safe environment for all members and supporters to participate in. We ask for the support and vigilance of all members to make this happen.
